SEED COMPANY  
MILWAUKEE, WISCONSIN

# SOIL CONSERVATION LOANS

To Buy SEED and other Materials

- The Farm Security Administration (Region No. 2) has announced a new type of loan to farmers who are unable to participate in the 1939 AAA Soil Conservation program because of a lack of funds to buy SEEDS and other materials to carry out soil building practices.
- The amount of such a loan may not exceed 60% of the approximate AAA payment for compliance with the 1939 program, which payment is to be assigned to the F.S.A. as security for the loan.
- Soil conservation loans to co-operate in the AAA program will be made only to farmers who meet the following qualifications:

## Eligibility Requirements

1. Farmers who without such a loan would be unable to participate in the program because of inability to finance the purchase of SEEDS and other materials necessary to carry out soil building practices.
  2. Farmers whom the County AAA Committee recommend from the standpoint of character and integrity.
  3. Farmers who agree to use the full amount of the loan for the purchase of SEEDS and other materials in order to carry out approved soil building practices.
  4. Farmers who have not executed, and agree not to execute, an assignment of their benefit payment checks other than to the Farm Security Administration.
- Application for Soil Conservation Loans, should be made promptly to local County AAA Committees.

---

---

**Soil Conservation Loans should stimulate Seed Sales. If any of your customers are eligible borrowers, urge them to file their applications immediately.**
